

# BACHELOR OF SCIENCE ACCOUNTING

Accounting is the language of business, and employees of small and large organizations must understand basic accounting principles. The knowledge of debits and credits, financial statements, and accounting information systems is basic for all business activities. Accounting majors must be well grounded in accounting theory and practice. Many accounting majors sit for the Uniformed Certified Public Accountant (C.P.A.) Examination and the Certified Management Accountant (C.M.A.) Examination.

## TARGET AUDIENCE:

Students are expected to have completed a minimum of 60 semester hours of transfer credit prior to entering the Accounting program. Students with an AA or AS from any regionally accredited community college, or those who have completed the IAI, will have fulfilled Northeastern's general education requirements.

## ADMISSION REQUIREMENTS:

To meet transfer admission criteria, students must have earned a minimum cumulative grade point average of 2.0 or higher for all college or university course work attempted. Students must be in good academic standing at the last college or university attended.

- Required documents are an application for admission, \$30 nonrefundable application fee, and official transcripts from all colleges or universities attended.
- Admission to the College of Business and Management: To major in accounting, students must meet the admissions requirements of the College of Business and Management. For more information about admission requirements, please see the College of Business and Management website [www.neiu.edu/~bschool/](http://www.neiu.edu/~bschool/) or contact Regina Turner, Coordinator of Transfer Enrollment.
