Students who successfully complete the course concentration in School Leadership will develop competencies in effective leadership, educational management practices, and staff development at the school level. Completion of the twelve-course program will result in the award of an M.A. degree in School Leadership. The concentration also leads to the new State of Illinois Principal Endorsement.

Candidates desiring admission to the Master's Degree in Educational Leadership begin by completing an application for and obtaining Northeastern Illinois University's Student at Large (SAL) designated status.
