Above Par Food Goes to PGA Tournament

What does it take to go on a professional golf tour? For some it takes a good chip shot. For others, it takes good chips. The University Center of Lake County is being a good sport this week while most of its Grayslake catering staff head for the PGA's BMW Championship Tour at the Cog Hill golf course in Lemont, IL. It will be far from a vacation; for the 11th consecutive year, Noteable Event Productions will be feeding 12,000 people per day for the Wednesday through Sunday championship tournament. Noteable relocates staff and hires temporary workers to send 230 people to the golf course to keep PGA tour members fed and watered.

"We miss them," says Kim Kreml, the University Center's Certified Meeting Planner. "But it's a prestigious opportunity for

Noteable, and their involvement with the PGA predates their involvement with the University Center. We're still able to cater the meetings held here and open the café for our students and faculty."

Noteable Event Productions, a family-owned firm headquartered in Lombard, runs the Michael's on Main Café at the University Center and provides full catering services for meetings, conferences, and special events held at the University Center. "Stop by," advises Kreml, if you want a taste of the Tour. "The food is 'par excellence' and the Café in our first floor atrium is open Mondays through Thursdays from 11:30 am to 1:30 pm and 3:30 to 8:00 pm and Saturdays from 9:00 am to 12:30 pm throughout the school year."

The University Center of Lake County facility is located at 1200 University Center Drive in Grayslake. It is on the southeast corner of Washington Street and Lancer Lane. For more information, visit www.ucenter.org or call 847/665-4000.
