

FOR IMMEDIATE RELEASE

Tim Perry Now Treasurer of University Center of Lake County

Grayslake, IL (April 17, 2015) When members of the Finance Committee of the University Center of Lake County's Governing Board met on April 14, the selection of local banker and former Mayor of Grayslake Tim Perry as committee Chair and Treasurer was swift and unanimous. "I was very glad that Tim Perry was willing to step into this leadership role," said Executive Director and Dean G. Gary Grace. "The challenging nature of the state's economy at this time, especially as concerns the funding of higher education, makes it important to have a Finance Committee Chair who can help steer the Center past any shoals. Tim's experience with economic development initiatives in our region will also help us understand how to add the most value during changing times."

Treasurer Perry joins Chair Kathy Ryg and Secretary Janet Elenbogen. Ryg, a former State Representative, and Elenbogen, a former School Superintendent have each served on the University Center's Governing Board since 2011; Perry is beginning his first three-year term.

The University Center of Lake County is a nonprofit consortium of twenty colleges and universities—both public and private—from across Illinois that enable adults to complete bachelor's degrees, earn graduate degrees, or pursue professional development programs without leaving Lake County. Programs are offered via evening, weekend, or online study across a wide range of disciplines. The Center's Grayslake facility also doubles as a Conference Center, providing space and presentation tools designed for collaborative learning as well as offering on-site catering. For more information, visit www.ucenter.org or www.uclconference.org or call 847/665-4000.
